TENDER
Alexander Aitken Solo Show

July 19th-July 31st

Tender is a solo exhibition by Alexander Aitken, exploring the themes of Reincarnation, Love, and the ideals of Home.

Aitken's practice maintains a stubborn relationship to the ceramic lexicon, employing an automatic sculptural practice with a painterly energy that plays with the tenets of the materials tradition.

Aitken's focus is solely and purely the creative process, he is especially interested in the idea of automatic craftsmanship, highlighting an experimental and exploratory approach. A rejection of traditional artistic methods in favor of a more organic and spontaneous process.
